

## DG 8 Vet

### Emergency Solution for Indigestion

#### Composition

Each sachet contains

**Analyzed:** Sodium Bicarbonate BP 10.0 g; Magnesium Oxide (Heavy) BP 3.0 g

**Enriched:** Ammonium Bicarbonate (Feed Grade), Nux Vomica (Feed Grade), Gentian Powder (Feed Grade), Ginger Powder (Feed Grade), Simethicone Powder

#### Mode of action

- 1. Simethicone:** This breaks the gas bubble and releases the gas easily
- 2. Magnesium Oxide:** Acts as an antacid
- 3. Ammonium bicarbonate:** During high temperature and in different stress conditions, animals suffer from loss of excess bicarbonate ion. **DG8 Vet** powder maintains the bicarbonate ion balance of the livestock.
- 4. Sodium bicarbonate:** Sodium bicarbonate acts as an antacid and increases the gastric pH. As a result animals get rid of gastritis. If the formation of bicarbonate from the lactic acid by the carbohydrate metabolism delayed/ stopped, excess lactic acid is formed. Sodium bicarbonate helps in decreasing the excess acid.
- 5. Gentian powder:** Gentian powder is an appetizer & helps in digestion. It also helps in mucous and bile secretion. It also act as carminative.
- 6. Ginger powder:** Ginger powder helps against Dyspepsia, Flatulence & Colic & also helps in secretion of gastric juices.
- 7. Nuxvomica:** Can be used against rheumatic diseases such as; Arthritis, Paralysis, sexual, nervous and mental weakness, etc.

#### Indications

Indigestion, Loss of Appetite, Flatulence

#### Dosage & administration

**Cattle, buffalo & horses:** 1-3 sachet twice daily.

**Calf, goat & ram:** ¼ - ½ sachet twice daily.

Or, as per direction of veterinary consultant

#### Contraindication

Not known

#### Precaution

Store in cool and dry place, away from light. Keep out of the reach of children. Once opened the sachet should be used quickly.

#### Side effect

Not known.

#### Supply

1 Packet x 10 sachet per box

**For Veterinary Use Only**
