

TRC™ VET

The Total Rumen Care

DESCRIPTION

TRC™ Vet is a scientifically formulated rumen health enhancer for cattle, buffalo, sheep, and goats. It provides total protection against ruminal and metabolic disorders such as acidosis, bloat, rumen stasis, indigestion, and ketosis. TRC vet acts as buffers, energy precursors, carminatives, and rumen tonics to restore normal rumen motility, microbial balance, and metabolic efficiency for cattle.

COMPOSITION

Each gram powder contains

Analyzed

Calcium Propionate	504.00 mg
Methionine	48.00 mg
Pyridoxine Hydrochloride (Vitamin B6)	0.40 mg
Simethicone	3.20 mg

Enriched

Cobalt Gluconate Dihydrate, Gentian, Ginger, Nux Vomica, Sodium Bicarbonate, Magnesium Oxide, Colloidal Anhydrous Silica

MODE OF ACTION

Calcium Propionate → Provides energy to rumen microflora and prevents ketosis.

Methionine → Supplies protein to microflora, aids in carbohydrate digestion, and reduces acidosis.

Cobalt Gluconate → Enhances gluconeogenesis and prevents acidosis & ketosis.

Gentian → Improves rumen motility & reduces indigestion and loss of appetite.

Vitamin B6 → Increases metabolism & prevents metabolic disorders.

Sodium Bicarbonate & Magnesium Oxide → Maintains rumen pH balance and prevents acidosis.

Nux Vomica → Stimulates appetite and relieves bloat.

Ginger → Acts as a carminative; reduces bloat and indigestion.

Simethicone → Breaks down gas bubbles to release gas easily.

USAGES

- To prevent the gastric and metabolic disorders
- To prevent bloat, rumen stasis and rumen overload
- Helps to maintain sudden food change and intake of excess food
- To remove the toxic effect caused by silage and urea
- Acidosis, ketosis, Indigestion and loss of appetite

DOSAGE & ADMINISTRATION

Each 125g Powder should be mixed with 500-1.0 L of drinking water or

Each 30g Powder should be mixed with 125-250ml of drinking water & administered as follows-

Cattle & Buffalo: 125g twice daily

Calf: 60g twice daily

Sheep & Goat: 30g once daily

CONTRAINDICATION: Not known.

SIDE EFFECTS: Not known.

STORAGE: Do not store above 30°C. Keep away from light and wet place. Keep out of reach of children. Once opened, use the sachet quickly to prevent moisture absorption.

PRESENTATION

30g and 125g sachets.
