

Rexon DS[®] Vet Bolus

To eliminate Anorexia & for Fattening of ruminants

Composition

Each bolus contains;

Cobalt Sulphate	100 mg
Dried Ferrous Sulphate USP	200 mg
Thiamin Mononitrate USP	50 mg
Vitamin B ₁₂ USP	40 mcg
Choline Bitartrate USP	18.2 mg

Mode of action

Cobalt Sulphate is a precursor of vitamin B₁₂ synthesis, and used in fortification of livestock. Dried **Ferrous Sulphate** is required for the formation of R.B.C. **Thiamin Mononitrate** and **Vitamin B₁₂** helps in activation of various enzymes. **Choline bitartrate** helps in synthesis of Lecithin (a kind of phospholipid) in liver & also synthesis of acetylcholine.

Indication

Rexon[®] DS Vet bolus can be used

- To eliminate Anorexia, Indigestion and impaction
- To increase milk & meat production
- To ensure quicker fattening
- To increase weight gain & immunity
- After Antibiotic and anthelmintic treatment
