

Eskavit® DB *Plus* Powder

Combination of Essential Vitamins, Minerals & Amino Acids to bring maximum production of milk & meat of livestock

Composition

Each kg powder contains;

Vitamin A	6.00 MIU	Copper	1.00 gm
Vitamin D ₃	2.00 MIU	Cobalt	0.80 gm
Vitamin E	0.75 gm	Iodine	0.18 gm
Calcium	237.00 gm	Selenium	1.00 mg
Phosphorus	54.00 gm	L-Lysine	1.17 gm
Magnesium	5.00 gm	Methionine	2.25 gm
Manganese	1.00 gm	Antioxidant, Anticaking&	
Zinc	2.00 gm	Aromatized excipient	1 Kg
Iron	2.00 gm	q.s	

Mode of action

Vitamin A is used for better growth & disease prevention.

Vitamin D₃ is used for precise absorption of calcium & phosphorus.

Vitamin E is used as antioxidant & to avoid sterility problem.

Cobalt helps the synthesis of Vitamin B₁₂, enzymes that produce DNA & acts as catalyst for metabolism of proteins to amino acids.

Copper maintains normal color of skin, fur and hair, acts as catalyst for various enzymatic reactions during R.B.C. synthesis.

Iron helps synthesis of R.B.C. & many enzymes, ferritin (Iron containing protein).

Iodine is a precursor for synthesis of thyroid hormones. Newborn dies due to the deficiency of iodine.

Manganese helps in reproduction process & formation of bones.

Zinc activates many essential enzymes, eliminates parakeratosis disease and prevents hair loss.

Selenium helps in feed metabolism & Vitamin E synthesis.

Magnesium is an important component of bone, acts as a catalyst for various enzymes and controls neuromuscular stimulation.

Usage

Eskavit® DB *Plus* powder is required for better milk, meat production & fertility. To maintain physiological activities in stressed conditions & for recovery after diseases.

Dosage & Administration

Cattle & Buffalo: 10-20 gm per animal for consecutive 5-10 days.

Calves, Goats & Sheep: 5-10 gm per animal for consecutive 5-10 days.

Collective treatment: 10-20 kg of **Eskavit® DB *Plus*** powder per ton of feed for consecutive 5-10 days.

Or, as per directions of registered Veterinarian / Consultants.

Contraindication

Not known.

Precaution

Store in a dry place, away from light. Keep out of the reach of children. Once opened the sachet should be used quickly.

Side effect

Not known.
